## **.:Relevant Experience:.**

**Student IT/Student Web Design**  
**University of Wisconsin Fox Valley, Menasha, WI**  
**June 2008– Present**

Worked mainly on maintaining web content. Main responsibilities include: being able to think quickly and make necessary changes, update content as new information becomes available, maintaining cross browser/platform compatibility and some designing. In addition to website updates, I was also responsible for helping/teaching end users, troubleshooting problems, and fixing hardware/software problems.

## **Dot Seven [dot] com** **Administrator/Designer**

Personal website for my portfolio and small design/hosting business. Main responsibilities include: hosting (email and content) for clients, updating information, developing ways to increase hits, search engine optimization, analyzing user data, designing and coding.
